About Videocue Release Version 2.7.1

Videocue updates can be downloaded from http://www.flip4mac.com/videocue_download.htm

New in Videocue 2.7.1

- Branding for Telestream, including new documentation images
- eSellerate in-app purchase and eSellerate serial numbers.
(NOTE: old serial numbers are still accepted)
- "Videocue Pro" is now "Videocue" (there is no longer a lower end product).
All Videocue owners now have the features that were in "Videocue Pro"
