

## Wirecast Gear

Highest performing turnkey video streaming production system ever offered in its price range

### The next generation of Wirecast Gear

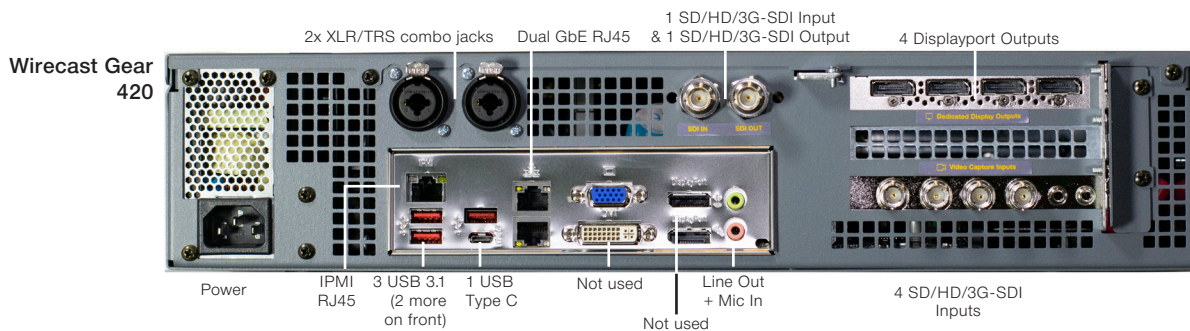

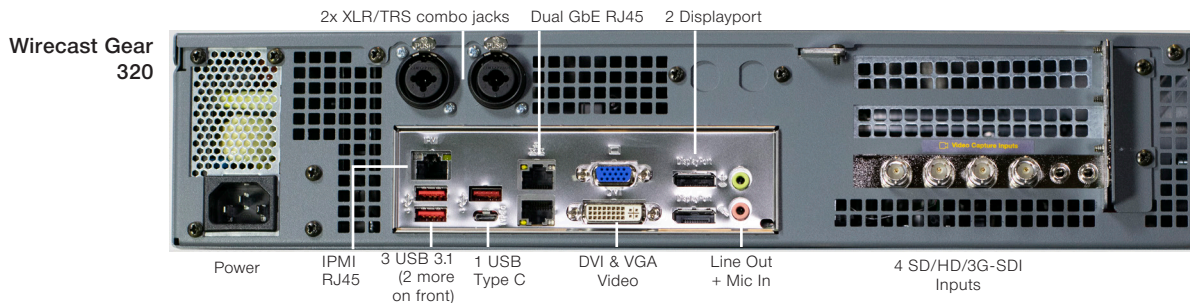

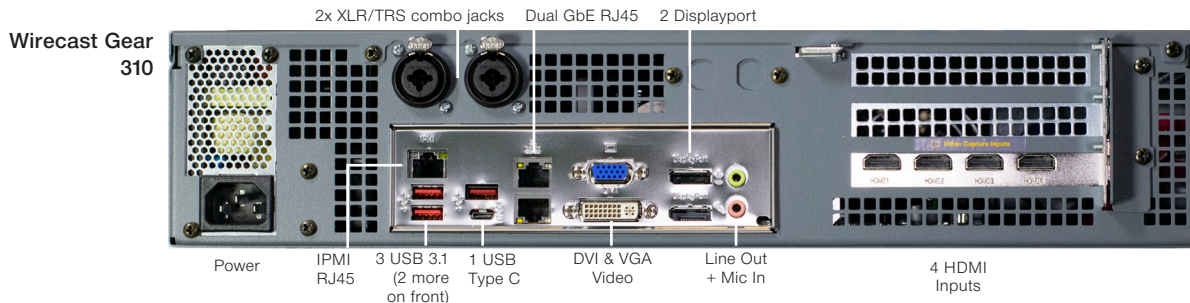

Wirecast Gear gives you an easy to use, fully configured live video streaming production system. Start streaming in minutes with an end-to-end system configured specifically for the needs of professional content producers. With Wirecast Pro included alongside Gear's custom-designed hardware, it's a live event production switcher, live news production system, Facebook Live switcher and YouTube Live switcher—all in one box.

Each model of Wirecast Gear comes with Xeon Server architecture, up to five HD-SDI or four HDMI professional camera inputs and all the live video streaming production features of Wirecast Pro, the Stock Media Library, NewBlue Titler Live Complete and Switch Player, all in a compact, powerful hardware system.

Wirecast Gear offers a unique blend of performance, ease of use and flexibility. Just plug in your cameras and start streaming your professional events with the industry leading turnkey video production system.

\* Based on H.264 1080p 29.97fps medium quality. Higher or lower quality settings will affect total storage.

## Technical Specifications:

### Hardware Specifications:

- Video Ingest – Up to 5-channel professional camera inputs with HDMI or SDI models available
- Program Video Outputs (Model 420) SD/HD/3G-SDI
- Processor - Intel® XEON® E-2176G
- Memory - 16GB DDR4 2666Nhz Dual Channel Memory
- System Drive - 250GB M.2 NVMe System Drive
- Storage Drive – 1TB High speed SATA 6Gb/s SSD
- Intel® USB 3.1 with 5x Type-A and 1x Type-C (Perfect for external video and project storage)
- Intel® HD Audio inputs and outputs (4 channels each)
- XLR/TRS Inputs – 2x XLR/TRS combo jacks (Unbalanced audio)
- Dual GbE LAN RJ45
- IPMI RJ45
- Display outputs
  - 300 series: 1x DVI-D, 2x DisplayPort
  - 400 series: 4x DisplayPort
- Wireless Keyboard and Mouse combo

### Dimensions - 16.7" x 12" x 3.5"

- Fits a standard 19" rack configuration.
- Takes up 2U spaces.
- Weight: 14.5-15.5lbs.

### Power Supply:

- AC input, auto-sensing, suitable for most countries
- Input Range: 90 ~ 264Vac (RMS), Full Range Input
- Frequency: 47 ~ 63Hz
- Input Current: Max 8A (RMS) @ 115Vac, 4A (RMS) @ 230Va
