

Telestream

Java API Readme

Release 8.2

Version 1.0

September 22, 2022

The Java API documentation is included with the Java API installation, but can also be accessed as described in the following sections.

Accessing the Java API Documentation Before Installation

The Java API documentation is available before installation in the full Core software download on the Telestream Software Delivery Cloud. The documentation is located in the JavaAPI directory in HTML format, and is viewable using any web browser. Use the following procedure to view the documentation before installing the API:

Download the Core software package located at:

<https://www.telestream.net/telestream-support/diva/support.htm>

Unzip the downloaded file and navigate to the JavaAPI directory.

Unzip the Java API compressed file.

Double-click the index.html file to open the documentation in your web browser.

Accessing the Java API Documentation After Installation

After you install the Java API on your system, the documentation is available in the doc/JavaDoc directory.

Documentation Accessibility

For information about Telestream's commitment to accessibility, visit the Telestream Support Portal located at:

<https://www.telestream.net/telestream-support/diva/support.htm>

Access to Telestream Support

Telestream customers that have purchased support have access to electronic support through the Telestream Support Portal located at:

<https://www.telestream.net/telestream-support/diva/support.htm>
